The Football Season

By JEROME HEFFERNAN

The football team was uncertain as it began practice; the backfield was composed of veterans from last year's team, but the line lacked experience. The Governors, however, were ready for the opening of the season.

The Redmen started quickly in the first game at Groton when Johnny Andrew intercepted a Groton aerial. Co-Captain Bobby Rex followed with a touchdown pass to John Hall. Rex scored on a quarterback sneak after a Groton T.D. In the second half, the Governors scored again when Johnny Brandli jumped over from the eight. In the closing period, "Chuck" Fogarty passed to "Long John" Hall for another score. The Governors earned their first victory, 26 to 6.

The Governors next entertained the Harvard Freshmen B team. The boys, showing great improvement, merited the 15 to 6 win. Bobby Rex intercepted a Harvard aerial to set up the scoring se-

quence; a pass from Rex to Hall brought a touchdown. Late in the second quarter, the Governors gained possession on the Harvard 40. The Red and White then scored a most unusual touchdown: Rex tossed a long pass to Ray Meyer; however, it skipped off Ray's fingers into the hands of John Edgar, who scored. In the second half, Harvard scored a touchdown, and Edgar fell on a Harvard fumble in the end zone.

Even with a strong defense, Moses Brown was unable to hold the Governors scoreless in the first half of the third game. Ray Meyer recovered a Moses Brown fumble. Later a long march netted the Governors six more points, and the home team had a 9 to 0 lead at half time. The second half showed Rex and Edgar combining for another score. Two more by Dick Pew and Charlie Fogarty gave Governor Dummer 29 points to Moses Brown's 6.

On the first play, a fleet Milton back

cluded the Red defenders and raced 65 yards for a touchdown in the following game at Milton. The Reds were sparked into action: Rex passed to Brandli for a T.D. In the second half, the Governors drove 65 yards as Pew scored. The Governors then returned strongly from a Milton touchdown as John Hall, on an end-around play, bulled his way 50 yards for a tally. The Governors had won their fourth, 27 to 19.

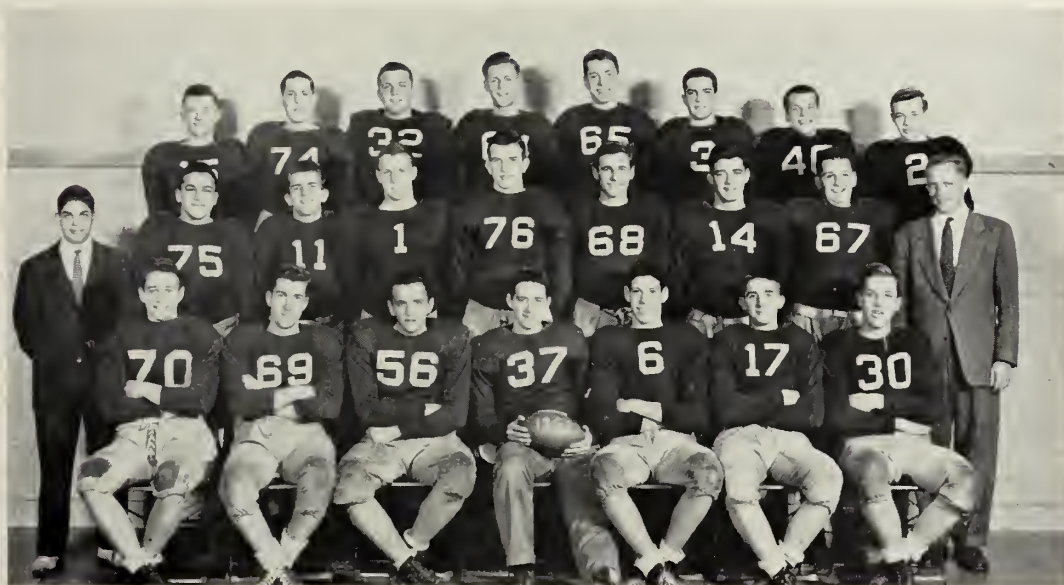

The Governors next vanquished a Belmont Hill team, 26 to 13. For one score, John Brandli took a Belmont Hill punt and side-stepped his way 70 yards for a touchdown. Later the Rex-to-Hall combination connected for the second score. In the next half Bobby Rex scored, and a little later, John Hall scored the final touchdown for the Governors. Belmont scored again near the end.

For the first time Governor Dummer played St. Mark's in football. On the opening kickoff, Brandli raced 40 yards

for a touchdown. Bobby Rex bootlegged the ball for another T.D. Again Brandli raced 70 yards for one more tally on an intercepted pass. St. Mark's was unable to break through the Red defense in the second half. The final score was Governors 19, St. Mark's 0.

The final game was a match between two undefeated teams as Tabor opposed Governor Dummer. Rex was the only original starter remaining in the injury-ridden backfield. The first quarter was a scoreless tie; however, in the second, Tabor scored. Late in the fourth period the Governors' great passing combination finally began to click: first, a forty-yard pass from Rex to Hall; then Rex faded back and threw to Hall, who made a circus catch in the end zone. The tie was the only fair finish.

This year's team is one of the finest in school football history, and a lot of credit goes to coaches Sager, Clark, Murphy and Withington.

The Soccer Season

By LAURENS I. COOK

The soccer season this year was a memorable one. Three factors made it so: the squad's enthusiasm, the skill which individual players displayed, and the overall success of the team.

At the close of the season, five Governors were voted positions on the Private School Soccer League's All-League team: Phil Navas, Fulton Yancy, Joe Cook, Gerry Vaughan, and Shad Tubman. Tim Brown, playing his final year as goalie, was indispensable, both as a player and as captain of the team.

The season's summary included ten victories, one tie, and one loss. In addition, the team won the Gummere Cup, symbolic of the league championship.

The season opened on October fourth with a six to two victory over Noble and Greenough. Following this was the Andover game. This was, perhaps, the finest game the team played. Neither club scored during the first half, but the

Governors controlled most of the play. In the second half, Andover scored a well-earned goal. The score was soon tied when Fulton Yancy shot from the left outside position. The game ended in a one to one tie, and two five-minute overtimes were called to decide the contest. Early in the first overtime period, a foul was called against Andover in their penalty zone. Arky Vaughan was given a free shot, which he scored upon. Minutes later Dodd Miles penetrated the Andover defense, and with his shot, the scoring ended.

The next two games with Brooks and Watertown High School resulted in Governor Dummer victories. Milton presented a serious threat to the team's record thus far. The game was played at Milton, but even a strong team and a strange field were not enough to defeat the Governors. Shad Tubman, Dodd Miles, and Arky Vaughan all scored goals; and Don Hicks, Gary DuGrenier, and

Phil Navas were at their defensive best.

Successive victories over Belmont Hill and Belmont High School brought the team to the St. Paul's game. This was played at Concord, New Hampshire, under freezing weather and occasional snow flurries. The combination of a tough team and the unpleasant weather was not conducive to Governor Dummer goals. As the first half ended, St. Paul's led by a one to nothing score. This was remedied in the second half when Shad Tubman scored four goals to beat St. Paul's four to two.

In the following game with St. Mark's, the team won its ninth straight game, four to two. Hopes were high for an undefeated season, but on November fifth these hopes were almost dashed. On this date two very evenly matched teams, Medford High and Governor Dummer,

met at South Byfield. It was Arky Vaughan's penalty shot which finally decided the contest one to nothing.

The Tabor game was hotly fought throughout the full game and the two overtime periods. Tabor drew first blood early in the first period. After the initial goal, there was no more scoring until Dave Hicks headed the ball into the Tabor goal late in the final period. Here the scoring ended, and two overtime periods did not break the deadlock.

The last game ended in disappointment as Browne and Nichols defeated the team two to one.

I have said that this was a memorable season for three reasons, but there is a fourth. The association with coach "Buster" Navins was the final factor in making this soccer season one of the finest in the Academy's history.

Volley Ball

By JOHN CROCKETT

This year in keeping with the general tone of the nation, Plympton P. Poobah, one-time great athlete at Governor Dummer Academy and now presiding on the planet Pluto, sent the wireless word to his assistant here on earth. Poobah Mercer, who had previously had trouble with his connections, got the well-known word from Plympton. Classes were called off, and after a closed meeting of selected faculty, it was announced that the school would add another chapter to the fast growing volley-ball history. Poobah Mercer divided the teams into the Cat and Dog leagues, and after some of the nationally known volley-ball players in the faculty had picked their teams, pandemonium broke loose among the students.

Some of them thought that they could already taste a steak dinner melting in their mouths.

Tension around the campus mounted, and when the opening ball was flung over the net, such a clamor arose that a local villager phoned in to see if help was going to be needed from outside. This enthusiasm lasted right up to the end of the season. After a championship brawl between the Hotdogs and the Bobcats, in which the dogs were victorious, the school was dismissed for a well-needed rest. However, this was not before the two teams had feasted on the special steak dinner provided for by the generosity of Plympton P. Poobah, our heavenly contact man.

The Wrestling Season

By ROBERT C. BURR, JR.

This year the G.D.A. matmen faced a rough ten-meet schedule with a grim outlook. Nearly all of last year's varsity team had been lost at graduation, leaving only a few experienced grapplers to lead the team. In addition to this handicap, the team was without the services of Co-Captain Sam Sargent, who was plagued with a shoulder injury. Nevertheless, Dick Pew, the other Co-captain, carried the burden and displayed prowess in his own division.

The team started slowly. Not many of the boys knew exactly what they were up against. However, soon they began to learn the tricks of the trade. Little by little they made improvements. One week after another went by, and each time they visited the mats, the boys learned something new. Looking back at the beginning of the season, one sees a vast difference. Even with its disadvantages, there were some bright spots in the course of this season. Bob Abbot, the big man, came through with a 20 second pin in the Andover match. Chris Beebe and Tom Larsen started the team off on the right foot many times with their successful encounters. And, of course, no one will forget Charlie Abuza's quick pin over his highly-rated Tabor opponent in the season's finale.

The Interscholastics Tournament gave the team some really tough action. Considering the difficulty of the competition, it is necessary to give credit to Warren Hurlhins, Bob Abbot, and Chris Beebe, who passed their opening rounds successfully.

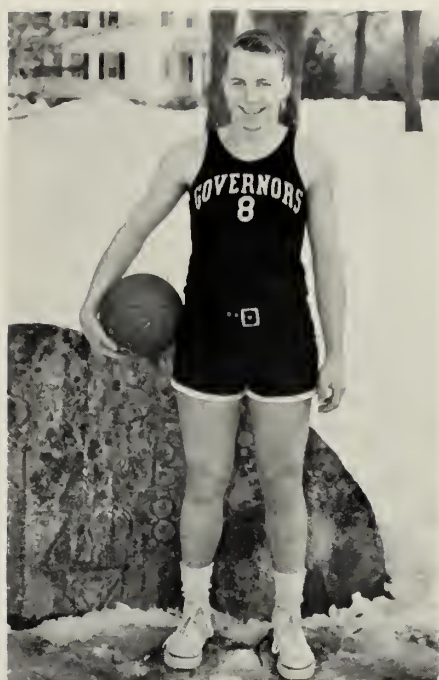

The team really appreciated all the time and effort that Coach Kerr put into his daily practice with the team, as well as in the matches. Having a competent, friendly coach helps a team a great deal. Also, Co-Captains Sargent and Pew were a big asset to the team. Pew was probably the best wrestler on the Governor's side of the mat this season. Although injured, Sargent helped the boys appreciably from the bench.

The team's record was not indicative of its great fighting spirit. In a large percentage of the meets, the difference between victory and defeat was merely one or two decisions. Experience was the big factor in these close matches.

The biggest accomplishment of this year's wrestling season has not yet been seen. It has provided a year of improvement and seasoning for the whole team. Nearly all of the boys will return next year and should really produce some great wrestling. Coach Kerr and the team can look forward to next season.

The Basketball Season

By DAVID NELSON WALKER

The outlook at the beginning of the 1953 Governor Dummer basketball season was not bright, as only three of last year's eight letter-winners had returned. Yet under the coaching of Mr. John Witherspoon, directing varsity basketball for the first time, and under the leadership of Captain Bob Rex, the club experienced a successful season and compiled a record of eight wins and six defeats. A chief reason for this good record was the all-round improvement of every boy on the team. Due to Mr. Witherspoon's coaching and the excellent morale of the players, the scoring punch of the club turned out to be strong. The team average was 48 points per game with Dave Hicks winding up as the high point scorer.

The opening contest was played at Alumni Gymnasium against a strong Lynn English team. It was a close game throughout, climaxed by the crucial baskets of Bob Rex and John Hall in the closing minutes. This 39 to 38 victory was paced by Dave Hicks and John Hall. In the second and third games of the season, the Red team dropped hard-fought decisions to experienced clubs from Lawrence Academy and St. Sebastian's.

Against a strong M.I.T. Freshman team at home on January 21, the Red and White five were defeated 52 to 38. D. C. Smith led the Governors with eleven points. Captain Bob Rex and Dave Hicks led the Byfield club back into the win column 74 to 54 in the next skirmish against Belmont Hill, and this game showed the Governors at their best. Back at home on January 28, Governor Dummer, sparked by Hall's good board work and Hicks' scoring, edged Massachusetts Maritime, 45 to 41. Playing an inexperienced St. Paul's team next,

Coach Witherspoon's boys romped 57 to 29, with Hicks leading the attack with 17 points; and Lamb was second with 14.

The win streak was extended to four games as Brown and Nichols succumbed 40 to 33. Ahead 19 to 15 at the half, the Governors built a sufficient lead in the third quarter to stave off a last-period enemy rally. After losing to an experienced New Hampshire Freshman team 65 to 42, the G.D.A. five won a hard-fought victory over Milton Academy. A slow start was overcome by the scoring of Rex, Hall, and Hicks; the lead soon became commanding, and the Redmen won 59 to 41. Next the team played what Mr. Witherspoon considered the best game of the year, as they upset Belmont High 68 to 59. John Hall with 24 points and Dave Hicks with 21 were great offensively, while Bob Rex played an excellent defensive game.

On February 28, at the Alumni Gym against Hebron Academy, the Governors squeaked out an exciting 49 to 47 victory. A close contest all the way, the winning basket proved to be Bob Rex's two-pointer from the corner in the last seconds of play. John Hall led the team with 16 points and was exceptional on the boards. The season concluded on a less happy note, however, as the Red and White club lost to strong teams from Huntington and Tabor.

Coach Witherspoon was proud of both the team's record and the players' development over the season. Captain Bob Rex, an outstanding defense man showed much offensive improvement. John Hall's increased scoring ability was a big factor, and the work of D. C. Smith helped the team considerably. Ernie Lamb and Dave Hicks, the junior whizzes, played great ball.

The Hockey Season

By ROBERT McK. REX

"These are the times which try men's souls." Although this year's hockey team lost the majority of its games, the team never failed to fight a great battle. Game after game the team skated out with zip and fire, as if each meant the league championship. Even though the Red Men were able to tuck away only two victories, they were able to give most of their opponents very rugged competition. Many of the games which the "blade-sters" did drop were heart-breakers; a loss by one or two goals scored late in the final period was common.

Although the Governors did show spurts of strong offensive play, they were much stronger defensively. This is proved by the low percentage of goals registered against the Red Men during the season. Captain Eddie Dodge led the team in scoring with seven goals, but no one else was able to garner more than two.

Not enough can be said for the effect Captain Eddie Dodge had on the team. Eddie always gave more than he was asked to, and it will be a long time before a captain such as Eddie will happen along.

"A team is as good offensively as it is defensively." In the games in which the defense was most sound, the offense always elicited the best, passing and skating well. Spearheading the defense was Dick "Mr. Zero" Marr in the nets. His play in the "drapes" was inspirational all season, and "Tiger" was justly rewarded by being elected All-Star Goalie in the Private School League. Of course, hard-cheeking, fast-skating defensemen should not be overlooked: Joe Cook, Phil Smith, Tom Windle, and "Pogo" Rolfe, next year's

captain. The defense did an outstanding job in supporting Dick Marr.

If drive and willingness to play could score goals, the Red Men would have been the highest scoring team in the league, but everyone knows that it does take something more. The "blade-sters" lacked speed. If the team could have had more opportunity to practice and develop greater speed, it would have scored more goals. As it was, the team's tremendous hustle and spirit often supplemented the speed deficiency.

Bill King and Dick Bailey combined with Captain Dodge to complete the first line. Bill's skating improved all year, but he just could not find the "twines." Dick improved throughout the season.

"The Kid Line," which had Dick Osgood at center flanked by wingmen Charlie Palmer and either Bill Hoyt or Latham Nichols, was a fine second line: they always went all-out in the games.

The Governors turned in their best performances against St. Marks and Milton, and the two victories came over Milton and Browne and Nichols. However, neither of the two wins or the close games with stronger teams was the high point of the season. The highlight was that, despite the fact that most teams were faster and had more experience, the team was able to stick together as a group and give superior foes evenly-matched games.

The over-all record of the team was 2 wins, 8 losses, and one tie. A great deal of credit should go to Mr. Murphy, whose unfailing interest and enthusiasm were largely responsible for the success the team did have.

To ski or not to ski; that is the question. That was the question confronting the boardmen of G.D.A. Sneakers became an essential part of equipment; ski boots were obsolete. They could be seen any day practicing slaloms in a zig-zag path on the road to Thurlow's Bridge. However, on a few uncommon occasions the team was blessed with a small quantity of glittery flakes; with slats in hand, they hustled to the treacherous slopes of the Old Newbury Golf Club. Two trips to the White Mountains and four to Amesbury made up the only other skiing ac-

tivities. On one Amesbury excursion, they engaged in the only meet of the season with Exeter Academy. The Governors did well but were overpowered, 100 to 87. Pete Donald had the best time for G.D.A., followed closely by Phil Smith and George Cowles. Unfortunately, Captain Gerry Vaughan and Dave Sunderland were unable to race.

To the able skimeisters, Mr. Stoneman and Mr. Beresford, credit should be given for the time and patient aid that they willingly gave the team during this snowless season.

Coach Withington's track team commenced with second place for the relay team in the afternoon time trials and third in the evening finals of the B.A.A. Later, the Governors conquered Exeter J.V.'s and Sanborn Seminary in a triple meet. The team then defeated Andover J.V.'s. In the Private School Meet, Governor Dummer placed third behind Andover and Moses Brown. Skip Pescosolido and Hank Moore tied for first in the high jump, breaking the G.D.A. record of 5'9½" by 1¼". The speedsters took a close second behind Exeter in the Bowdoin Interscholastics. Dave Crockett and Bob McArthur broke school records in the 600 and 1000 respectively. The season ended with the defeat of Roxbury Latin by the strongest winter track team in the history of G.D.A.

The Glee Club

By CHARLES F. GIBBS

Year after year, the extra-curricular activity which holds the highest appeal for students at Governor Dummer is the Glee Club. This year the Glee Club was enlarged to 67 voices.

At the first meeting of the group, the importance of perfection was stressed; fine quality had to be attained in order to make each concert a success. The annual New England Preparatory School Music Festival Chorus in Symphony Hall on March 1st proved the truth of what Mr. Sager said. Few will forget the tremendous thrill of singing with the Boston Symphony Orchestra under the direction of G. Wallace Woodworth, director of the Harvard Glee Club. Governor Dummer was one of eight preparatory schools joining together to present a fine program which included Mozart's *Requiem* and three chorals: *Now Let Every Tongue Adore Thee* by Bach, *O Come, Ye Servants of the Lord* by Tye, and Victoria's *Jesu, Dulcis Memoria*.

In December of 1952, the first joint concert was held in the Alumni Gymnasium with the Winsor School. The combined clubs offered several Christmas carols and selections from the *Requiem* by Mozart. Paul Getchell and Warren Hutchins sang solos in *Hark, in the Darkness*, and *A Rovin'*, respectively. Other songs which filled out the program were: *Concordi Laetitia, Soon-Ah Will be Done* by Dawson, and *My Horn Shall Weight a Willow Bough* by Brahms.

On March 1st the club went on Spring tour, travelling first to the Dana Hall School. Here two more songs were added to the already large repertoire, both from Romberg's *Student Prince: Drinking Song* and *Student Marching Song*. The Academy was guest at a fine dinner preceding the concert and an enjoyable dance

following the successful performance.

Next the Glee Club visited Beaver Country Day School. *Golden Days*, a solo by George Gale, was initiated here with great success. A party followed, which was said to be the best of the year.

On April 11th, Governor Dummer played host to the Walnut Hill School. It was the second home concert and a good one. Afterwards dancing took place in the Cobb Room.

The Glee Club returned to touring by giving two concerts in Newburyport. The first, held on May 1st, was with the Newburyport High School Choral Group. The following week, a concert was given at the Masonic Temple for the benefit of the Congregational Church.

The praises which the club received were, of course, shared by all. But some individuals must be given credit for the overall success: George Gale led the club excellently as president; John F. G. Clifford who accompanied all concerts with his exceptional piano playing was certainly a great asset; and credit should go to the managers who kept each man supplied with music and made out all the dance cards: John Bullard, Stewart Maples, Alex Hose and John Fallon. The fact remains, however, that no glee club can achieve recognition without able leadership and guidance. For these two qualities the Glee Club depended on Mr. Sager and Mr. Stone, who spent numerous hours with the men to produce a fine club. These two directors with the ability and interest of the members created a very fine musical year. Oftentimes, a group of eight boys known as the Meistersingers sang as an added attraction at the concerts. They tendered many songs of their own, including *Mad Dogs and Englishmen*, and *The Old Ark's A-Moverin'*.

The Governor Dummer Chapter of the *Cum Laude Society* received its charter on February 10, 1934. The purpose of the society is to promote scholarship and to recognize scholastic achievement. In secondary schools its function is, therefore, comparable to that of the Phi Beta Kappa Society in colleges.

The by-laws of the society state that to be eligible for election a student must attain a minimum standing of eighty per cent during his senior year and must stand in the upper fifth of his class. A three-fourths vote of the faculty members is necessary for election; and the members are pledged to consider each candidate's record during the earlier years of his secondary school work, his diligence, particular abilities or deficiencies, and the nature, and number of courses on which his average is based.

Mr. Francis Keppel, Dean of the Graduate School of Education at Harvard, was the guest speaker at the annual initiation banquet held on May fifteenth.

*N*obody knows how many
hundreds of thousands of people will
dine tonight with TOWLE Sterling — but the
actual number would be startling. For
in the two-and-a-half centuries that beautiful
silver has been made in Newburyport, the
demand for its patterns has moved steadily
upward. Craft traditions reaching back
almost to the Pilgrims are part of the
reason for TOWLE progress, but probably
the chief reason is a certain soundness
of design — patterns that wear well
— that wear so well, in fact, that they
become at once a proud possession and
a beloved part of family life.

The time has come, O Seniors of this school,
The plaintive time when you must part.
Although you've "beat the pack" and played the fool,
You've won some games and made your mark.

Why work when brains will take the place of crams?
And virility will win the dames.
I. Q. is yours with which to rock exams
And languid grace to take the games.

There is a quantity of things to know
Before you tackle future life;
But can you keep your learning's light aglow
While still you fight in life's challenging strife?

And marks, and aptitude, and all that rot
Will pass with the winds in the days ahead.
Then sweat and toil are the only tools you've got.
Let's hope that labor you'll not dread.

You could have found life's needed worthwhile musts
In work at this academy;
You could have built foundations most robust
Had virtue been your main decree.

SPECIAL PRIZES

Through the generosity of Mr. Milton L. Dodge of Newburyport, the Academy is able to offer each year a few Special Prizes to boys who have qualified for no established prizes, yet whose personal qualities or unusual accomplishments merit recognition.

John A. Bullard, Jr., of Fairfield, Connecticut. Tireless, efficient, cheerful, a boy of high ideals, Jack Bullard has forged ahead during his senior year to become a leader of his class.

Felipe Navas U. of Colombia, South America, who has proved to us that the Good Neighbor Policy works both ways. Felipe's warm personal qualities and friendly appreciative spirit have endeared him to boys and faculty alike.

Parker B. Field, III, of Peru, Illinois. Through the postoffice window all the year long Parker has dispensed parental platitudes,—plus the morning paper. In the postoffice and in the stockroom, he has looked upon pleas and complaints alike with an impartial, imperturbable, and perhaps impenetrable good spirit. To this helpful, cheerful, and responsible boy, a special prize.

George E. Gale, III, of East Greenwich, Rhode Island. President and popular soloist of the Glee Club, captain and faithful coach of the track team. Windy Gale will long be remembered for his enthusiasm—his smiling good spirit and his contagious enthusiasm.

Richard B. Osgood of Marblehead and John F. Hannon of Manchester. Dick and Clancy played together as guards on the football team. They were together, too, in their capacity for work and in their driving determination both in their studies and on the field. We are especially proud of these two boys and of the progress they have made.

The Editors of the MILESTONE wish to apologize for a grave error on page 59. Instead of the captain-cleet printed there, Ernest Lamb, Jr., of Brookline should be credited with this honor.

The Senior Class

The Last Two Days

By CHARLES ABUZA

At 11:00 a.m., Friday morning, June 5, 1953, the 190th commencement ceremonies of Governor Dummer Academy officially began. Unofficial ceremonies had been occurring in the various dorms since the end of the final exams. The first ceremony was the annual awarding of the Morse Flag, the school's highest honor. The flag used during the school year was hauled down from the flagpole and a new one was raised by members of the junior class. Mr. Eames then presented the flag to this year's winner, Robert Rex of Larchmont, New York.

Immediately following this ceremony, the Glee Club presented the annual Commencement Concert in Lang Gymnasium. This particular concert was by far one of the most successful in the history of the school. Highlighting the concert were the dexterous handling of the "eighty-eight" by Jack Clifford and Carl Gibbs, and some wonderful harmony by the Academy's "hands-in-the-pocket" octet, the Meistersingers.

Following a delectable buffet luncheon, in which the parents finally faced the facts regarding the good G.D.A. food, the Governors opposed Belmont Hill in an exciting baseball game on Morse Field which was lost by a score of 9 to 7. A tea on the Mansion House lawn followed, during which Messrs. Stoneman, Hooper, and Scopes played their final role of cookie-pushers to perfection.

At 7:00 p.m., Friday evening, the Commencement dinner was held in the Alumni Gymnasium. To the satisfaction of the assembled gourmets, a nutritious and delicious lobster salad dinner was served. Dick Erler and his assistants deserve much credit for the efficient manner in which the fine repast was served. After the dinner, Dr. Claude Moore

Fuess, a trustee of the Academy, did a splendid job as toastmaster. Mr. Harold Johnson of the Andover Press was introduced, and he received the praise worthy of a man who has helped to make the last twenty-three yearbooks successful. The first speaker was Miss Margaret Clapp, President of Wellesley College. Miss Clapp's kind invitation undoubtedly will be accepted and she will soon be seeing many of the Governors in her own hallowed halls. The second speaker was Dr. J. Edgar Park, retired President of Wheaton College. Dr. Park's speech was definitely one of the finest ever heard at G.D.A. The talks were truly inspirational, and the seniors could find no better advice to follow. Following the dinner the underclassmen went to bed and the seniors...well, who could go to bed on that night!

The long awaited moment finally came the next morning at 10:00 a.m. The seniors, clad in caps and gowns, led the procession into the graduation ceremony. After the invocation by the Reverend Heinz Rettig of Newburyport and the singing of a hymn, Mr. Eames handed out the well-earned prizes. James Duncan Phillips, President of the Board of Trustees, introduced the speaker, Dr. Charles W. Cole, President of Amherst College. Dr. Cole advised the seniors that the world wasn't as bad as it was pictured and that they should have great hopes for the future. Mr. Phillips then discussed the importance of a liberal education and proceeded to hand out the diplomas. The traditional singing of the Senior Song and the procession around the Milestone ended the ceremony. The year ended in a mad rush as the seniors made their dash for freedom, tearing off their caps and gowns en route.
